Present: Ed Wendell, Nancy Jones, Stu Ross, Tom McBride, Elizabeth Towle, Susanna Lewis

A special Bradford Energy Committee meeting was called in response to questions raised at the last selectboard meeting. Two budget items pertaining to the Bradford Energy Committee were discussed by the Selectboard on January 12, although no specific action was taken. Concerns were apparently raised about the value of the services provided by the Intermunicipal Regional Planning Coordinator currently hired by Bradford and seven other towns. Bradford's portion of the annual salary for 2023 comes to \$9100. Additionally, a proposed allotment for incidental expenses to the committee itself of \$1,050 was questioned. Nancy Jones suggested that BEC members attend the Selectboard's upcoming January 27 meeting to address these two issues. Both Nancy Jones and Tom McBride offered to present. Tom McBride offered some prepared points for discussion.
