

Bradford Energy Committee Special Meeting  
3/14/23

In attendance: Ed, Jeff, Tom, Barrett, Susanna, Nancy, Elizabeth

1. MERP-Jeff needs to look over deed/lease-could still qualify. BA-get audit on it and then qualify for other grants either way, well-used building
2. Jeff and Ed had good visit to town buildings.
3. Geothermal-\$45,000 to install, \$1800 cost savings per year for “medium home”, Westchester, NY.an example
4. EV presentation by Barrett of Norwich Technologies-see PowerPoint
  - grant funding-ACCD, NEVI
  - VT is fifth in EV, by 2040 ¾ of car sales will be electric
  - becoming a charging destination, 180 kw, attract EV drivers and promote Bradford as a vibrant sustainable downtown-grow the community, puts us on the map
  - March 23rd-Selectboard agenda, move forward with 8 additional charging stations?, send PowerPoint to board in advance
5. Fix it workshop—Susanna told Food and Forest we’d support, but don’t want to take Lead
5. March 23<sup>rd</sup> Selectboard agenda—
  1. Approve/give permission for BEC to apply for \$4,000 mini grant? For charging station event, and window dressers (\$2,000)
  2. Energy Data Collection-Jeff wants someone in Bradford to access the info:
    - A. Phil-had oil, gas, etc. for garage and Elizabeth’s Park
    - B. BA—Ed can get by gallon from selectboard minutes—but not all of them.  
--Jennifer? Budget in town report—just shows full amount not gallons
7. Minutes from 3/7/23 approved
